way did. 9 Those are three beautiful sentences I heard this week. They were snoken by strangers to other strangers, but they still caught in my ears. They conveyed such big feelings in so few words. If We've messed up a lot of our finer arts: farming, building, flying. .. We don't do any of those things as well as we once did. But sometimes we get better at things. Astronomy is one of them. The English language is another, T We commit our share of modern sins, but that's because we live in modern times. More of us carry

the inarticulateness of teenagers into adulthood. We stutter and stammer more, cluster our conteness with errors fillers, coverses some words (her) and underses others (no) 9 But mostly, we've cleaned up English. We've peeled back the unnecessary layers, dropped the pointless artifice, erased the serifs from our fonts. Prose is rarely purple anymore. Modern English is more efficient, more economical, more effective, plainer-in a good was when it used to be all of which makes it better suited to its ultimate purpose set. tininghot's inside us out. There's less need for translation. Experially between men. Men. cause we've become exceptionally good at smashing the bottles that once trapped our messages. I Purists will complain that we've sapped our language of its poetry by turning it into a blunter instrument. The purists are wrong. We're still norts. We've just traded tions in its syllables and how they sound when we nut them together simply quietly. Our words have white space around them. That's where we've become artists again. § Crows remember faces. If That's another sentence I heard this week. We're the best we've ever
